

Certificate of Registration

PricewaterhouseCoopers LLP has assessed whether the management system at

Norbord Inc.

1 Toronto Street, Suite 600, Toronto, Ontario M5C 2W4

is suitably designed to provide limited assurance that the requirements of the standard noted below (the Requirements) have been met, as of June 1, 2020.

Sustainable Forestry Initiative® (SFI) 2015-2019 Forest Management Standard

SCOPE OF CERTIFICATION:

Forest management activities (planning, harvesting, transportation and silviculture) conducted on Norbord Inc.'s forest tenures managed by the Grande Prairie, AB and High Level, AB woodlands divisions.

Management is responsible for ensuring the management system meets the Requirements. Our responsibility is limited to expressing an opinion as to whether the Requirements were met, based on our assessment. The SFI standard can be found at www.sfiprogram.org.

Our assessment was conducted in accordance with the ISO 17021 management system auditing standard and, accordingly, included examining, on a sample basis, evidence supporting management's assertion that the Requirements were met and performing such other procedures as we considered necessary in the circumstances. We planned and performed our work in order to obtain limited, rather than absolute, assurance with respect to the information examined. We believe our work provides a reasonable basis for our opinion.

In our opinion, the management system was suitably designed to provide limited assurance that the Requirements were met, in all material respects, as of June 1, 2020.
